

**AMENDMENTS TO THE SPECIFICATION:**

Please insert or add the following new paragraph on line 17 of page 4 of the Application as originally filed such that this new paragraph falls immediately after the paragraph ending on Page 4, line 16 and immediately before the paragraph beginning on Page 4, line 17 of the Application as originally filed:

Cultures of Human Hepatocyte Cell Line Huh-7.5 were deposited in the permanent collection of the American Type Culture Collection (ATCC), 10801 University Blvd., Manassas, VA 20110, U.S.A. on August 1, 2007 under the terms of the Budapest Treaty, and accorded the accession number PTA-8561. The subject culture deposit will be stored and made available to the public in accordance with the provisions of the Budapest Treaty, i.e., they will be stored for a period of at least 30 (thirty) years after the date of deposit, or five years after the most recent request for a sample, whichever is longer. The depositor acknowledges and accepts the duty to replace the deposits with a living culture of the same should the deposited culture die or be destroyed. All restrictions on the availability to the public of the subject culture deposit will be irrevocably removed upon the granting of a patent disclosing them.
